- **Frameworks:** Laravel, CodeIgniter, Node.js, .NET
- **Frontend:** HTML5, CSS3, AJAX, Responsive Design
- **Database:** MySQL, MongoDB, SQL
- **Cloud & Tools:** AWS, Git, Hosting, Deployment
- **Integrations:** REST APIs, Payment Gateway Integration, Third-party APIs

PROFESSIONAL EXPERIENCE

Software Engineer | BeyondYatra, Noida (21 Dec 2024 – Present)

- Developing scalable full-stack web applications for Travel, E-commerce, and SaaS business domains.
- Worked on BeyondYatra, Tripstogather, GirleTrend, Knot Me Cute, and iAudit HRM production applications.
- Integrated payment gateways, booking systems, REST APIs, inquiry workflows, and customer management modules.
- Optimized backend architecture, frontend responsiveness, and production performance.
- Handled AWS deployment, hosting configuration, production maintenance, and feature enhancements.

Web Developer | Xampp India Software Pvt Ltd, Indore (Jun 2024 – Dec 2024)

- Developed institutional and business websites using PHP, Laravel, and MySQL.
- Worked on responsive frontend development, backend optimization, and deployment tasks.
- Handled debugging, maintenance, feature enhancement, and API integration.

DETAILED PROJECTS

- **BeyondYatra** — [Visit Website](#)
Developed a complete travel booking platform with package management, booking workflows, inquiry systems, customer management, and admin panel functionalities. Worked on responsive frontend interfaces, backend APIs, database optimization, and production deployment using Laravel and MySQL.
- **Tripstogather** — [Visit Website](#)
Built a collaborative travel marketplace enabling group trip planning, booking management, user interaction, and itinerary workflows. Implemented scalable backend logic and responsive user interfaces.
- **GirleTrend** — [Visit Website](#)
Developed a modern E-commerce platform with product catalog management, shopping cart, order processing, secure payment gateway integration, and customer account management modules.
- **Knot Me Cute** — [Visit Website](#)
Worked on a fashion and accessories E-commerce platform with responsive UI, optimized checkout workflows, product management system, and performance optimization features.
- **iAudit HRM** — [Visit Website](#)
Contributed to HRMS SaaS platform development including payroll management, attendance tracking, employee workflows, ERP integration, reporting modules, and role-based authentication systems.
- **SRU Raipur** — [Visit Website](#)
Developed university website modules for academic programs, admission workflows, institutional updates, student information management, and responsive frontend pages.

- **SSCN Bhilai** — [Visit Website](#)

Worked on educational institution website development including ERP integration, grievance portal, admission information system, gallery management, and responsive UI implementation.

KEY ACHIEVEMENTS

- Delivered multiple production-ready applications across Travel, E-commerce, Education, and HRMS domains.
- Integrated payment gateways and third-party APIs into live systems.
- Managed AWS deployment and production maintenance for scalable applications.
- Improved application performance through backend optimization and database query enhancement.

EDUCATION

- **MCA** — AKTU Lucknow | 2023 | 70%
- **B.Sc** — Veer Kunwar Singh University | 2020 | 61%
- **12th** — UP Board | 2017 | 65.3%
- **10th** — UP Board | 2015 | 85%

CORE STRENGTHS

- Problem Solving & Analytical Thinking
- Communication & Team Collaboration
- Backend Optimization & API Integration
- Production Deployment & Maintenance
- Quick Learning & Adaptability
